MODERN PACKAGING

INDEX TO VOLUME 37

SEPTEMBER 1963 TO AUGUST 1964

GENERAL ALPHABETICAL INDEX

A	Month	Page		Month	Page
Acetal aerosols.....	January	108	New aerosol metered-valve construction simplifies filling; VCA, Inc.	December	56
ADHESIVES			New food-aerosol propellant; F. A. Bower, J. H. Fassnacht and G. J. Roewe	December	137
Adhesives evaluation	April	222	Non-magnetic water test bath accommodates aluminum aerosols; John R. Nailbach Engineering Co.	October	52
Adhesives for special packaging purposes; Morningstar-Paisley, Inc.	April	72	Perfume in polypropylene aerosols; Helena Rubinstein, Ltd. .	March	86
Adhesives forces pertaining to wax uses.	May	136	Pressurized containers.....	August	46
Formulated for gluing polyethylene-coated carton blanks on folding-box gluer	June	107	A universal metering aerosol valve used for fluid make-up; Frances Denney	February	94
Hot-melt adhesive applicators; Tensor Corp.	September	238	Up: aerosols for industry	October	102
Hot-melt adhesives.....	June	128	Air-Shields, Inc.		
Hot-melt adhesives; exhibits at AMA Show	June	123	Multi-ply corrugated, multiplied savings; shipment of medical instruments overseas	May	126
Hot-melts; applicators	November	147	Air-shipment packaging: standards for	February	82
Improved vinyl-copolymer additive; use in solvent-thinned and hot-melt adhesives; E. I. duPont de Nemours & Co. .	July	62			
Machinery for application of hot-melt adhesives; Frank W. Egan & Co.	April	70	ALCOHOLIC BEVERAGES		
New glue-bond tester; W. O. Kroeschell	June	141	Aluminum-alloy cast barrels for beer; England	September	110
Three moisture-resistant adhesives; Morningstar-Paisley, Inc.	June	62	Aluminum beer cans.	February	44
ADVERTISING AND PUBLICITY			Anheuser-Busch: a study in production	April	154
Advertising space on bread end labels; Dugan Bakeries	August	46	Beer and liquor labels; vacuum metallized paper wraps; Standard Packing Corp.	February	50
Life span of a package; Suren Ernoyan	June	127	Beer-bottle top opens with coin; Tennent, Ltd. (Glasgow) ..	September	110
AEROSOL CONTAINERS			Beer-can lid business; steelmakers	May	46
Aerosol travel pack for shave-cream.	March	44	Beer-can end-coding device; Continental Can Co.	January	54
Blow-molded aerosol bottles of acetal co-polymer in production; Imco Container Co.	February	50	Beer cans.	April	134
Blow-molded plastics aerosol containers	June	119	Bottle standards for beer and other beverages; European Free Trade Assn.	May	82
Butter dispenser; National Starch & Chemical Co.	June	44	Budweiser's 10-can gravity-feed dispenser carton; Anheuser-Busch	January	92
Collapsible pocket-size aerosol; French firm (Valois)	April	108	Carry-home cooler pack for beer; South African Breweries, Ltd.	December	86
Directional-spray aerosol overcap; Aerosol Research Co.	August	60	Closures for beer bottles	April	137
Economical all-polypropylene aerosol bottle; Helena Rubenstein, Ltd.	April	150	Drinking beer from a plastics bag; Pretoria, South Africa. .	August	80
Food aerosols	April	142	Full-panel art adds sales dazzle to corrugated cartons; Miller Brewing Co.	September	141
Trend to aerosol containers for antiperspirants	July	43	A glass of wine in PVC	August	96
20-oz. aerosol dome-style can; Continental Can Co.	December	176	Home beer tank	April	43
10-oz. pressure container; American Can Co.	August	56	Improved beer can tear- tab top; American Can Co.	March	58
Aerosol filler/crimper/gasser; Pro Pak	October	58	Intermediate-skirt bottle crown; Armstrong Cork	March	58
Aerosol filler; The Kartridge Pak Co.	October	54	Lightweight-board carrier saves 10%; F. & M. Schaefer Brewing Co.	August	122
Aerosol hair spray; 42 Products, Ltd.	September	174	Molded pulp protects wine bottles; West Germany	June	78
Aerosol, Ltd. (interlocking separate mechanical elements) .	October	117	Multipackagers for beer cans; Anheuser-Busch	June	212
Aerosol-overcap placer; PMC Industries	September	235	New tube-type carrier for bottles; National Brewing Co. .	February	118
Aerosol overcaps; Tamperproof; Sunbeam Plastics Corp.	September	240	Opening devices for beer bottles and cans.	January	41, 160
Aerosol Package Contest; Chemical Specialties Mrs. Assn.	January	178	Payoff in a new plant; The Fleischmann Distilling Corp.	April	192
Aerosol products; New York City Fire Department regulations	January	156	Pictorials for whiskey; Calvert Distillers Co.	March	122
Aerosol propellants; Unit for blending; General Kinetics, Inc.	April	76	Plastics cases for beer	August	191
Aerosol shampoo container; Helen Curtis, Ltd.	September	110	Plastics containers	November	261
Aerosol spray top molded of polypropylene; Dicon-Beck Mig. Co.	October	170	Plastics devices in multipacks for canned beer	December	39
Aerosol unit with single filling station; Italy	September	110	Price cut in one-way beer bottles; Owens-Illinois Glass Co.	February	41
Aerosol valve; higher-speed propellant filling; Swiss firm ..	February	84	Random sealer eases labor; North America Wines Corp. .	September	168
Aerosol-gas pressure checker; Andora Automation, Inc.	April	74	Room for one-way beer bottle in Germany	May	82
AEROSOLS			Shipments of Scotch whiskey in bulk	November	41
Aerosol with an applicator for upholstery cleaner; Glamorene, Inc.	November	123	Standard beer bottle for Common Market	December	84
'All-in-one' aerosol filler from abroad utilizes revolving table; Druk Pak, Inc.	February	50	Tear-tab aluminum top for beer cans	October	92
Automatic aerosol-filling line; Aerosol Machinery Co.	November	62	Tear-tab beer can	June	41
Blow-molded acetal	January	108	Use of shrink film wrap for beer	July	43
Blown acetal aerosols; Celanese Polymer Co.	June	216	Use of tinfoil in beer cans	December	144
First blown-plastics aerosol; Studio Girl	July	128	Automatic filling of miniatures	May	97
Free-piston aerosols for foods; Richmond Aerosols, Ltd. .	October	60			
Laboratory and short-run aerosol filler	November	60	ALUMINUM		
Growth of aerosols	January	44	Aluminum-alloy cast barrels for beer; England	September	110
Nearing billion-aerosols mark in Europe	March	86	Aluminum cans move into soft-drink market; Cantrell & Cochrane	November	123

	Month	Page		Month	Page
Aluminum-coated paper; Standard Packaging Corp.	February	50	Avon Products		
Aluminum-ingot prices	November	255	Beautiful but tough; sculptured carton for cosmetics;		
Beer cans	February	44	Avon Products	April	137, 146, 306
Bottle caps; Perry Industries, Inc.	June	190	Now: ultrasonics in use	September	136
Can making; American Can-Blikon process	January	157			
Can material	March	41			
Cans	April	134			
Cans; opening devices for	April	323			
Cans; research and development	May	46			
Containers for vended products	November	267			
Cook-in aluminum cans; John Morrell & Co.	December	97			
Easy-to-remove aluminum top for 6-oz. cans of peanuts;					
Kelling Nut Co.	March	104			
The first heat-processed zip-top can; Armour & Co.	May	111			
Handling aluminum cans	September	200			
Laminated foil-paper as protection against insect invasion ..	October	132			
Non-magnetic water test bath accommodates aluminum					
aerosols; John R. Nalbach Engineering Co.	October	52			
Price increases	August	196			
Price moves in aluminum	February	44			
Sardine cans	August	43			
Shipments of aluminum and aluminum products in 1963	March	164			
Tear-open aluminum can for sardines needs no key;					
American Can Co.	July	59			
Tear-tab cans: a phenomenon	October	92			
Aluminum Co. of America					
License from United Shoe Machinery Corp. covering basic					
patents on easy-open cans	November	258			
Aluminum foil (see Foil)					
American Can Co.					
Expands with \$8 million program	September	274			
Rights for electrostatic printing	February	44			
American Cyanamid Co.					
Plastics blend for problem products	August	101			
American Home Foods (Division of American Home Products					
Corp.)					
Pouch that acts like a carton	September	134			
American Laboratories					
Convertible display dispenser for cough and cold tablets ...	April	149			
American Management Assn.					
AMA marketing papers	July	212			
AMA will make a movie	June	124			
Conference on "creativity"	June	125			
Packaging Show (see National Packaging Exposition)					
Seminar on Packaging in European market	January	44			
Packaging Show (see National Packaging Exposition and					
Conference)					
American Optical Co.					
Cord strapping saves 6%	October	114			
American Petroleum Institute					
Institute boosts waxes	January	167			
Seminar emphasizes wax coatings	August	176			
American Research Merchandising Institute	March	94			
American Society for Testing & Materials					
ASTM extraction test method; Charles M. Rosser	December	131			
American Tobacco Co.					
Pop-open cigarette package	August	92			
AMPOULES					
Portable ampoule imprinter; Markem Machine Co.	June	60			
Anheuser-Busch, Inc.					
Budweiser's 10-can gravity-feed dispenser carton	January	92			
A study in production	April	154			
ANIMAL-FEED PACKAGING					
Non-commercial look comes to the pet product field;					
veterinary nutritional tablets in ceramic clay-fired jar;					
Upjohn Co.	February	99			
APPLICATORS					
High-speed hot-melt applicators; Specialty Automatic					
Machine Sales	November	212			
Arden, Elizabeth					
Plastics jar sans air space for Elizabeth Arden's creams ..	January	90			
Textured paperboard carton for liquid night cream.	April	143			
Armour & Co.					
The first heat-processed zip-top can	May	111			
Image of superior quality for new canned ham	May	105			
Milestone in jar filling	September	154			
Nylon in a meat package; Armour frankfurters	November	120			
Armour Creameries					
Reseal pouch for shredded cheese	April	200			
Armstrong Cork Co.					
16-foot tear-tape opening device	November	119			
Two-part plastics bottle combines utility and economy for					
window-cleaner tablets	November	124			
Arnold Bakers, Inc.					
A borrowed 'new look' container and packaging technique for					
tomato-juice cocktail	January	116			
Aroma permeability. Measuring	April	230			
Austin Biscuit Co.					
Package for vending-machine sale	January	93			
Australian Trade Center	February	84			
AUTOMOBILE SUPPLIES AND PARTS					
Engineered shipper saves 15%; Firestone Steel Products Co..	June	108			

	Month	Page		Month	Page
BLISTER PACKAGES AND PACKING					
Automatic film feed for blister packs; Abbott Plastic Machine Corp.	September	236	Color labels for beverage bottles	April	137
Big blister talks pilferage; Woodhill Chemical Corp.	August	103	Compact in-plant blow-molder of plastics bottles; European Plastic Machinery Mfg., AS.	November	62
Blister cards in foam base cutting packaging costs for Schick Safety Razor	January	110	Cordials appear in blow-molded plastics bottles; Australia	December	86
Blister sealer for contour packaging; Atlas Vac-Machine Corp.	November	212	Decaser tray with sleeve for bottle protection; Armstrong Cork Co.	April	274
Bulbs in blisters; General Electric Co.	October	100	Decoration of glass and plastics bottles; Unit Tool & Engineering Co.	October	118
Carded blister for products sold from a rack	March	95	Engineering the plastics bottle. E. J. Temple	November	162
Cheese and crackers in a blister; England	August	80	Expanded markets in France for PVC bottles	June	78
Dramatic blisters; Kraeuter & Co.	February	111	Ginger-ale bottle; Canada Dry Corp.	October	98
Flexible mechanization blister packaging; Consolidated Models, Inc.	April	188	Half-gallon plastics bottles for food beverages; Dow Chemical Co.	September	248
Growth of blister and skin packaging	April	140	Milk in plastics bottles has arrived	July	120
In-line conveyORIZED blister heat sealer; Globe Industries, Inc.	April	70	New line of PVC bottles features good impact resistance; Creative Packaging, Inc.	July	59
New round-table machine designed for blister and skin carding operations; Impak System, Inc.	March	55	New lines of plastics carriers to hold soft-drink bottles; Union Carbide Corp.	June	64
Plastics-film blister machine; Giacomini Industria Chimica S.r.l.	October	36	New 15-gal. plastics carboy; Monsanto Chemical Co.	June	60
Retailers in favor of blister and skin packages	March	44	New plastics for bottles	May	144
Skin-and-blisters techniques in self-selection card; Dymo Industries	July	103	New test for plastics antistatics. Roger R. Schanzle	May	129
			New tube-type carrier for bottles; National Brewing Co.	February	118
			New unit makes seamless blow-molded bottles; European Plastic Machinery Mfg.	July	62
BLOW-MOLDING					
Acetal aerosols	January	108	New role for plastics in drugs	January	100
Blow-molded aerosol bottles of acetal co-polymer in production; Inco Container Co.	February	50	Opening devices	January	41, 160
Blow-molded polyethylene container for liquids; American Cyanamid Co.	August	101	Operating with plastics bottles; Edward D. Wilcox, Jr.	November	157
Blow-molding machines; The Products Machine Co., Plastics Machinery Div.	January	54	Phenoxy bottles; Union Carbide Plastics	June	119
Compact in-plant blow-molder; European Plastic Machinery Mfg., AS.	November	62	Plastics Bottle Division, Society of the Plastics Industry	May	185
Liquid CO ₂ cools blow-molded containers; Owens-Illinois Glass Co.	February	54	Plastics bottle for welding-alloy powders; Eutetic Welding Alloys Corp.	April	151
Oil cans; Humble Oil & Refining Co.	June	103	Plastics bottle is a 100% dispenser; Metal Box Co. (London)	March	86
Plastics oil bottle; Sun Oil Co.	April	144	Plastics-bottle 'pocket' holds leaflet; Switzerland	June	80
Polycarbonate bottle	June	149	Plastics bottles: new era	April	137
Polyethylene and polystyrene containers	November	110	Plastics bottles; packaging of pharmaceutical tablets; Bemis Bro. Co.	June	60
Polypropylene and polycarbonate containers	November	111	Plastics bottles (Soakys) for liquid bubble bath product; Colgate Palmolive Co.	December	116
Polypropylene copolymer	January	108	Plastics oil bottle; Sun Oil Co.	April	144
			Poisons bottle identifiable by touch developed by Australia's Standards Assn.	November	90
BOOK REVIEWS AND COMMENTS					
Blue Book of Automatic Merchandising; National Automatic Merchandising Assn.	September	250	Polyethylene (see Polyethylene Bottles and Tubes)		
Copyrights; Barbara A. Ringer and Paul Gitlin	April	284	Polypropylene low-pressure spray bottles for perfume and cologne; Helena Rubinstein	May	110
Directory of Contract Packagers and Their Facilities; Packaging Institute	June	196	Polystyrene	April	139
Glass Containers 1962; Glass Container Mfrs. Institute	September	250	Polystyrene; British developments	October	118
Engineering Design for plastics; Eric Baer	August	164	Polyvinyl chloride	March	41
1964 Book of ASTM Standards; American Society for Testing & Materials	April	284	Polyvinyl chloride; blow-molded, holding oil-based products and solvents; Monsanto Chemical Co. and Hedwin Corp.	June	119
Packaging and processing of Foods in Flexible Pouches; MRD Div. of General American Transportation Corp.	October	180	PVC bottles in Europe	May	46
Packaging Institute publications	November	222	Printer handles problem plastics bottles; England	April	106
Pressure Sensitive Tape Product Directory	April	284	Shampoo and lotion bottles; John H. Breck, Inc.	December	95
Rigid Plastics Foams. T. H. Ferrigno	March	164	Standardization in Europe	December	84
Symposium on Simulated Service Testing of Packaging, American Society for Testing & Materials	September	250	Two-part plastics bottle combines utility and economy for window-cleaner tablets; Armstrong Cork Co. (Consumer Products Division)	November	124
The Technology of Food Preservation, Dr. Norman W. Desrosier	September	250	Two-stage blown PVC bottle for fruit drinks; Marks & Spencer Uncarers	November	114
Type and typography. Ben Rosen	March	164	Valve dispenser for glass or PE bottles; Henlopen Mfg. Co.	June	64
Book-like products; Automatic packaging of Stone Container Corp.	October	58			
BOOKS					
Book publishers packaging	April	46	BOWLING EQUIPMENT		
Bordon Co., The			Foam scores \$8000 strike; Columbia Industries, Inc.	August	123
New quality and economy in coated carton	May	98	Bowman Instrument Corp.		
BOTTLE WASHERS					
Net jetting technique on bottle washer; Thomas Hill Engineering Co.	January	54	Standardizing with foam	November	131
BOTTLES					
(See also Closures)			BOXES		
Antistatic rating of plastics bottles. Roy R. Davis	January	119	(See also Corrugated Containers)		
Automatic plastics-bottle trimmer; Brown Machine Co.	November	212	Banana boxes	June	136
Beer bottles (see Alcoholic Beverages)			Low-cost mailing and utility box; United States Box Co.	September	242
Bleach- and detergent-bottle resins; U.S. Industrial Chemical Co.	October	170	Low-cost upgrading; precision watches for children in two-piece box; Elgin National Watch Co.	April	204
Blow-molded aerosol bottles of acetal co-polymer in production; Inco Container Co.	February	50	Plastics folding box for shoe shine; K. J. Quinn Co.	April	161
Blow-molded polyvinyl chloride bottles; M. Salame and Jules Pinsky	April	209	Rigid-box symposium (sponsored by National Paper Box Mfrs. Assn. and eastern chapter of Package Designers Council) scans the future	April	302
Blown plastics bottles without seams; European Plastic Machinery Mfg., Copenhagen	August	80	Roll-open covers on paperboard boxes; United States Box Co.	November	214
Bottle decorating machine; Dennison Mfg. Co.	September	76	Set-up box awards; National Paper Box Mfrs. Assn.	July	107
	June	64	Set-up boxes; sales	July	46
Bottling equipment; The Fleischmann Distillery Corp.	April	182, 309	13 folding box winners; Folding Paper Box Assn.	April	174
Broad-shouldered bottle for whiskey; Calvert Distillers Co.	March	122	Template foil used as corrugation in boxes; Continental Can Co.	August	56
Cases for returnable bottles	August	121	Wire stitcher for boxes; Acme Steel Co.	November	62
Casing unit for plastics bottles; Adams Power Equipment, Ltd.	September	248	Breck, John H., Inc.	December	93
Clear glass protects liquid milk formula in shelf storage; Mead Johnson	June	105	Task force for packaging		
			Breskin Publications Inc.	February	87
			Merger with McGraw-Hill, Inc.		
			Brill, H. C., Inc.		
			Letter of the law becomes a graphic design element for canned foods	August	103
			British Columbia Packers, Ltd.		
			Lower costs, less damage; polyethylene replacing cellophane for fish wrapping.	November	151
			BUBBLE PACKS		
			Plastics-film blister machine for manufacture of blister and bubble packs; Giacomini Industria Chimica S.r.l.	October	56

	Month	Page		Month	Page
BUNDLING					
Cans in heat-shrinkable PVC film	June	123	Tear-tape-opening (Maxwell House) vacuum coffee can;	February	98
Electro-Mechanical unit	June	107	General Foods Corp.	December	176
Machine for wrapping bag packages containing corn flour;			20-oz. aerosol dome-style can; Continental Can Co.		
Fr. Hessen Maschinenfabrik	September	78	Capping machines (see Sealing Equipment and Supplies)		
Burndy Corp.			CARBOYS		
Function in a strip thermoform	November	138	Glass Carboys (see Glass Containers)		
Burrus Mills			Polyethylene carboys; Owens Plastics Co.	October	170
A carton for distinction (granular flour from regular flour)	August	102	Care, Inc.		
			Self-lock shipper saves 80%	June	133
C			CARRIER CARTONS		
California Packing Corp.			Carriers to hold soft-drink bottles; Union Carbide Corp.	June	64
Triple-barrier package for dried fruits	July	134	Carton erecting and loading machine; National Brewing Co.	February	118
California's program for weight control	July	130	Carton set-up machine; R. A. Pearson Co.	September	245
Calvert Distillers Co.			Carton former; Package Machinery Co.	September	74
Pictorial for whiskey	March	122	CARTONBOARD		
Can headers; E.W. Bliss Co.	February	56	Medium-density bleached-sulphate board; Union Bag -		
CAN CARRIERS			Camp Paper Corp.	September	242
High-performance polypropylene as can carrier; HLH			CARTONING EQUIPMENT		
Products	December	105	Automatic cartoning machine; Amaco, Inc.	September	78
Can handling	April	230	Barrel loading type	March	110
Can Manufacturers Institute			Carton closing and sealing machine		
Shipment of cans for soft drinks	March	41	Carton former uses hot melts; Peters Machinery Co.	July	50
Canada Dry Corp.			Cartoning machine for short runs; Amaco, Inc.	March	162
Ginger-ale bottle	October	98	Cartoning of soup pouches; Thomas J. Lipton, Inc.	September	166
CANDY AND CONFECTIONERY			Cartoning systems redesigned; R.A. Jones & Co., Inc.	September	74
Automatic foil wrapping of chocolate eggs; England	February	94	High-speed carton-dividing equipment; Hi-Speed		
Automatic wrapping of chocolate bars; Societe Anonyme des			Checkweigher Co., Inc.	September	236
Pleueas Automatiques Lausanne	June	62	High-speed carton-erecting machine; F.N. Burt Co.	July	62
Candy cups by the yard; Whitman Div. of Pet Milk Co.	December	112	High-speed carton-erecting machine with space-saving features;		
Candy labeler: less labor; See's Candy of California	April	199	Frazier & Son	October	54
Candy handler saves 50%; Hershey Chocolate Corp.	September	169	High-speed setting-up and loading of cartons; Diamond		
Decorative protective wrappers for candy; Thilmany Pulp			National Corp.	April	76
& Paper Co.	February	164	Perforated score lines applied as part of carton-gluing		
Glassine trays for individual candies; Multicup Package			operation; International Paper Box Machine Co.	November	55
Produce Corp.	September	242	Small-carton forming machine; Captive Top Machines, Inc.	October	56
New cellophane candy wrap; Olin Mathieson Chemical Corp.	September	74	Trends in cartoners shown at Packaging Machinery Show	November	145
Paper/plastics candy box; Sisco Hamilton Co.	March	97	Two new cartoning machines	July	60
Simple change, big economy; switch from steel to tungsten			Versatile carton-erecting machine; Peco Packaging Equipment		
carbide blades in packaging machinery; H.B. Reese			Corp.	September	244
Candy Co.	January	111	CANTONS		
Tear-strip candy packaging	September	110	Beautiful but tough; sculptured carton for cosmetics; Avon		
Vacuum-metallized paper wraps; Standard Packaging Corp.	February	50	Products	April	146
Canners Directory (reviewed)	November	222	A carton for distinction (granular flour from regular flour)		
Canning Machinery & Suppliers Assn.			Burrus Mills	August	102
Exhibit in Dallas; innovations shown	April	323	Cartons protect chub packages for frosting and cookie mix;		
CANS			General Mills	May	104
(See also Metal Containers)			Cartons that do not bulge	February	138
Aerosol cans	October	102	A compact cereal carton; General Foods	April	172
Aluminum (see Aluminum)			Convenience appeal in professional-samples carton; Riker		
Automatic can-making line in Japan	May	82	Laboratories	July	103
Beer-can end-coding device; Continental Can Co.	January	54	Curved-crease carton	May	207
Beer cans; Anheuser Busch, Inc.	April	155	Del Monte's 'impregnable' carton; triple-barrier package		
Bundling in heat-sealable PVC film	June	123	for dried fruits; California Packing Corp.	July	134
Can opener preferred to key opener; big sweep in coffee	March	126	End-loading, top-opening bakery carton; Berles Carton Co.	December	176
Coffee packaging in cans with plastics lids to serve as			Flat-bed printer for corrugated carton; Bell-Mark Corp.	August	60
reclosures	October	42	High-barrier cartons	July	166
Composite cans	March	144	Liner-equipped folding cartons	April	306
Considerations in tinplate. Aner N. Laubscher	December	144	Motor oil in a carton; Petrofilm, Ltd.	March	98
Displays at National Packaging Exposition	June	118	New carton construction minimizes dangers of sifting, insect		
Easy-open cans licensed; United Shoe Machinery Corp. to			infestation; Rosotti Lithograph Corp.	May	54
Aluminum Co. of America	November	258	New quality and economy in coating carton; The Borden Co.	May	98
Extra-strong gallon composite can; Sonoco Products Co.	May	56	New unit sets up, fills and seals cartons; Marathon Div.,		
F&DA clearance for can coatings; FMC Corp., Organic			American Can Co.	June	60
Chemicals Div.	December	60	Problems of carton sifting	June	158
5-qt. foil-fibre motor-oil cans; R.C. Can Co.	June	64	Production of containers from PE tubing; R.W. Barra-		
High-speed can-closing machine; Angelus Sanitary Can			clough, Ltd.	April	274
Machine Co.	March	162	Top-opening ice-cream carton; St. Regis Paper Co.	January	146
High-speed can counter; Honeywell, Inc.	August	56	Wire handle for corrugated carton, with molded-polyethylene		
Improved beer-can tear-tab top; American Can Co.	March	58	liner; Hedwin Corp.	March	58
Key-opening metal cans for food products; method of			Casco Products Corp.		
attaching keys; British firm	June	80	Plastics, paper and foil blend to dramatize new product		
Magnetic cut can damage; Mead Johnson plant	September	169	(cordless electric toothbrush)	December	104
Motor oil containers	July	43	Case opener/loader/sealer; Textile Machine Works	September	232
"Multipack" system for labeling, Metal Box Co., Ltd.	October	117	Div.	April	274
New system for making cans; Germany	September	108	CASE PACKERS		
New unit controls cans on conveyors; Peco Corp.	July	62	Case packer, Automatic end-loading; H.G. Weber Co., Inc.	September	232
Opening devices	January	41	Medium and high-speed case packers; Continental Can Co.	September	235
Passing of the key-opening can	March	44	Casera, milk-carton and others; Anderson Bros. Mfg. Co.	October	58
Polyethylene carrier for cans; R. A. Jones & Co.	April	274	Casing unit for plastics bottles; Adams Power Equipment		
Polyethylene-coated paper for composite cans; Olin Mathieson			Ltd.	September	248
Chemical Co.	May	58	Celanese Polymer Co.		
Polyethylene oil cans; Humble Oil & Refining Co.	June	103	Blown acetate aerosols	June	216
Predicting shipping damage; tests made by J.E. Carman			CELLOPHANE		
and S.J. Pearce	October	123	Aids to film quality testing	April	216
Progress of cans in soft-drink industry	April	43	Durable, polymer-coated cellophane; E. I. du Pont de		
A scramble in cans	April	131	Nemours & Co.	May	58
Single- or double-tier end-open can packer; Emhart Mfg. Co.					
Standard Knapp Div.	February	54			
Snuff containers; U.S. Tobacco Co.	September	171			
Space for cans in supermarkets; William A. Free, Sr.					
(Hungerford Packaging Co.)	April	46			
Tear-tab beer can	June	41			

	Month	Page
In-store meat-wrapping material; Olin Mathieson Chemical Corp.	August	38
Leading film in food packaging	May	43
Measuring residuals in cellophane. Herbert G. Nadeau and Edward Neumann	February	128
Moisture content	April	224
New cellophane for extrusion coating; Olin Mathieson Chemical Corp.	March	60
New type of polymer-coated cellophane; Olin Mathieson Chemical Corp.	April	68
Non-resistant to insect infestation.	October	132
Opaque white; British Sidac Ltd.	October	118
Polymer-coated cellophane	June	121
CELLOPHANE BAGS		
Cellophane bags on wickets speed package; Continental Can Co.	April	272
Graphics vs. transparency; two-ply cellophane bag for egg noodles; Megs Macaroni Co.	August	95
Reclosable label for cellophane bags; E.I. du Pont de Nemours & Co.	April	68
Centerfolder machine; Charles Beck Machine Corp.	January	54
"Cents-off" packaging	April	43

Upset on cigarettes?; health warning on packages	May	43
Clayton, Anderson & Co.		
How to achieve foam beauty at 67% less cost.	July	118
CLEANING EQUIPMENT		
Machine automatically cleans glass containers of foreign matter; McBrady Engineering Co.	February	50
Cleaners (See Soaps and Cleansers)		
CLOCKS		
Five cartons for 15 clocks; General Time Corp.	November	150
CLOSING MACHINES		
Sealing Equipment and Supplies		
CLOSURES		
Captive plastics lid on a food jar; Cantrell & Cochrane (England)	June	80
Case closing	November	146
Easy-open closures for beverage bottles	April	137
'Flip-off' bottle crown; National Can Corp.	April	272
High-speed can-closing machine; Angelus Sanitary Can Machine Co.	March	162
Intermediate-skirt bottle crown; Armstrong Cork Co.	March	58
Liners for crown caps	November	261
Liquor bottles; The Fleischmann Distillery Corp.	April	309
Machine applies screw-type closures; Anderson Machine Works; Island Associates, distributor	June	64
Machines apply PE lids to sanitary cans; Pittsburgh Plastics Div., The Heekin Co.	May	56
Modern design for bottle stopper; Austria.	March	86
Moistureproof closures for detergent or bleach packages; Scientific Packaging Corp.	February	96
Molded	November	109
Multi-function closure solves sticky dispensing problem; LePage's, Inc.	August	102
Multilayer-paper-bag closures	August	134
New feeding mechanism for bottle caps; Pneumatic Scale Corp., Ltd.	July	60
Packaging Institute seminar	December	125
PE resin for coffee-can lids; Phillips Petroleum Co.	October	170
PE resin for injection molding closures; U. S. Industrial Chemicals Co.	September	236

Permanent inner retention in bottle cap; Armstrong Cork Co.	October	60
Plastics challenger for crown cap; Scandinavia	April	108
Plastics closure to offset container collapse; Scott Plastics Corp.	February	164
Plastics closures for coffee cans	March	126
Plastics lid, "brandless look" add value to coffee can; J. A. Folger & Co.	July	102
Plug-inserting and screw-capping line; Designs & Installations, Ltd.	November	58
Polypropylene caps; the Mennen story	May	102
Polypropylene closure for pails and cans; American Flange & Mfg. Co., Inc.	September	238
Polypropylene in closures. Richard J. Pecha	January	124
Polypropylene coffee-can lids; Gilbert Plastics	September	245
Polypropylene linerless seal closures to glass bottles (Table)	January	129
Polystyrene coffee-can lid and feeding device; Standard Bag Co.	February	54
Pump-spray closure; Lanvin-Parfumes, Inc.	February	116
Self-adjusting twist tier; Plas-Ties Corp.	April	76
Simplified closure on baler bag; Olin Mathieson Chemical Corp.	July	192
Spin-welding technique for applying lids to plastics bottles; Continental Can Co., Plastic Container Div.	January	50
Tear-off can lids	June	41
Thermoplastics closures	November	109, 110
Tight seal in plastics lids; American Can Co., Dixie Cup Div.	December	176
Template lid for polyethylene oil can; Humble Oil & Refining Co.	June	103
Top closer for cartons; Hamilton Machine Co.	February	162
Torque retention for various materials	January	126
Two cappers, a crimper; Consolidated Packaging Machinery Corp.	September	76
Two-part closure speeds filling; Schick, Inc.	December	121
Two-part plastics sealing closure protects bottled olives; Strohmeyer & Arpe Co. (importers)	October	99
Two-piece paper lids for nested waxed food cups; American Seal-Kap Corp.	September	236
Two-piece plastics tube closure allows for one-hand operation; H. G. Sanders & Son	January	52
CLOTHING		
When packaging breaks with tradition; shirts in boxes with see-through acetate covers; Glo-Weave, Pty. (Australia)	April	108
COATING EQUIPMENT AND MACHINERY		
New hot-melt-applying equipment; Frank W. Egan & Co.	April	70
Portable collator/roll coater; Admec Co.	September	240
Coatings	June	129
Black polyethylene coatings for cosmetics cartons; Avon Products	April	146
Dairy cartonboard and frozen-food cartons	November	112
Definition of 'hot melts.'	July	166
F&DA clearance for can coatings; FMC Corp., Organic Chemicals Div.	December	60
Glossy coating for paperboard; American Can Co.	December	64
Film-priming process; Radiation Research Corp.	February	41
Heat-sealing coating for polypropylene; Interchemical Corp.	April	72
Hot-melt coatings that strengthen board; Republic Container Corp.	April	72
Improved wax-plastics coatings; Atlantic Refining Co.	July	192
Laminated and coating structures	November	172
Low-density polyethylene extrusion-coating compound; Union Carbide Corp.	June	188
Measuring drying time; H. K. Price	September	196
Microplates for use in packaging; Minnesota Mining & Mfg. Co.	February	58
New cellophane for extrusion coating; Olin Mathieson Chemical Corp.	March	60
New glow-coating method; Radiation Research Corp.	February	195
New medium-density PE for coating; U.S. Industrial Chemicals	December	60
New quality and economy in coated cartons; The Borden Co.	May	98
New wax-copolymer blend coats blanks; Mobil Oil Co.	April	272
Nylon coatings; a new technique; Alexander B. Beal	March	140
Nylon-polyethylene	March	141
Plastics coatings	November	258
Polyethylene-coated paper for composite cans; Olin Mathieson Chemical Co.	May	58
Polyethylene extrusion coating resin for food-packaging substrates; Monsanto Chemical Co.	June	62
Polyethylene surface on paper motor-oil can; Jackson Oil Products Co.	May	95
PVDC-coated packaging papers; Jacques Schlinder & Sco.	September	236
Saran emulsion coatings	December	42
Seal strength in coated bags	June	158
A stride forward for coatings	June	121
Strippable protective coating; Thermo-Cote, Inc.	August	60
Stripped coating for product protection; The Stanley Works	November	58
Study on future role of coatings in packaging applications	December	42
Two coatings for glass containers; Continental Can Co.	July	62
Wax coatings; seminar sponsored by American Petroleum Institute	August	176
Cocktail ingredients, carton for; Wonder Bar Products.	October	99

Electrical standards conference	April	299	New valved film pouch for powdered hair-care product; Vita-Care Corp.	July	132
Electronic data processing systems	July	91	Pouch-in-carton for motor oil; Petrofilm, Ltd.	March	98
ELECTRONIC EQUIPMENT AND SUPPLIES			Reseal pouch for shredded cheese; Armour Creameries	April	200
A bonus of economy; stapling machines to close packages of electronic instruments; Tektronix, Inc.	September	168	Systematized filling, vacuum sealing and cartoning of 'cook-in pouches'; American Can Co.	July	58
Electronic components suspended in fibreboard; Dittmore Freimuth Corp.	January	110	Water-soluble pouches for laundry and house-cleaning materials	December	108
Electronic computer use by General Stores Corp.	November	44	Water-soluble pouches for unit-packaged materials in laundry and household-cleaning fields	December	108
Electronic controls for packaging machines; discussion	September	151	Escambia Chemical Co.	July	98
New electronic counting and cartoning; Delta Engineering Corp.	April	74	Ultrasonics applied to multiwalls	January	74
Triumph for foam; shipping protection for electronic instruments; Texas Instruments, Inc.	June	132	Plastics packaging on the march in Europe	June	130
ELECTROSTATIC PRINTING			European Common Market	May	82
Advances	May	109	European Free Trade Assn.	November	90
High-speed electrostatic two-color printing of molded pulp egg cartons; Electrostatic Printing Co. of America	August	196	European packaging explosion coming?	April	151
Package-decoration	May	54	Eutectic Welding Alloys Corp.	April	151
Packaging use	April	136	Extra-value container; bellows-bottom polyethylene container for welding-alloy powders	April	151
Rights of American Can Co.	March	44	EXHIBITIONS		
Elgin National Watch Co., Bradley Time Div.	February	44	Europe.	July	80
Low-cost upgrading; precision watches for children	April	204	International Packaging Exhibition, Olympia Hall, London	October	116
EMBOSSED EQUIPMENT			International Plastics Fair (Kunststoffe), Dusseldorf, Germany	January	160
Economy in rotary embossing; Eastern Engraving & Machine Co.	April	70	Machinery Show (Packaging Machinery Mfrs. Institute)	September	160
ENGINEERING			Packaging news from Macropak (Amsterdam)	June	106
Breakthrough for polypropylene; Johnson & Johnson	September	167	Packaging shows in Italy and Spain	August	124
Bulbs in blisters; General Electric Co.	October	100	Scandinavia's first packaging show	June	80
Buy, build or combine? "Home-grown" meat packaging system; Peter Eckrich & Sons	January	112	Western Packaging Exposition, Los Angeles	July	136
Carton erecting and loading machine; National Brewing Co.	February	118	Export-packaging information center planned for New Delhi (India)	April	108
Effects of shrink on film properties; C. F. Balazs	June	151	EXPORTS		
Engineered corrugated; packaging rotary mowers; General Appliance Mfg. Co.	October	114	German market	April	106
Engineered shipper saves 15%; Firestone Steel Products Co.	June	108	Multi-ply corrugated, multiplied savings; shipment of medical instruments overseas; Air-Shields, Inc.	May	126
Engineering overwrapping of cartons in PVC film; Visual Art Industries	November	128	Packaging materials and machinery in West Germany	February	82
Engineering the plastics bottle, E.J. Temple	November	162	EXTRUDERS		
Fast line for ultralight bottles; C. B. Fleet Co.	August	104	Hot-melt extruder introduced; Possis Machine Corp.	August	58

	Month	Page
EXTRUSION		
Extrusion coating with nylon	March	140
New cellophane for extrusion coating; Olin Mathieson Chemical Corp.	March	60
Polyethylene extrusion coating resin for food-packaging substrates; Monsanto Chemical Co.	June	62
F		
FABRICS		
A breakthrough in design; collapsible carry-home pack for dress goods; Ireland	February	84
FASTENERS-INDUSTRIAL		
Fastener for hanging packages; American Tag Co.	November	214
Federal Trade Commission. See United States Fender-Ful, Inc.		
Re-use at point of use; polyethylene bottle for liquid boat-bilge cleaning product, when empty, serves as fender to protect painted surfaces	September	140
FERTILIZERS		
Packaging in plastics bags	February	92
Ultrasonics applied to multiwalls; Escambia Chemical Co.	July	98
Fibre-box industry		
Growth in 1963	May	188
FIBRE CONTAINERS		
1964 fibre box award winners	May	202
Shipments of fibre cans and tubes	May	188
FILLING MACHINERY AND EQUIPMENT		
Aerosol filler; The Kartridge Pak Co.	October	54
'All-in-one' aerosol filler from abroad utilizes revolving table; Druk Pak, Inc.	February	50
Automatic equipment fills multiwalls at high speeds; West Virginia Pulp & Paper Co.	December	56
Automatic filling of miniatures; polyethylene vials of sterile liquid drugs; Alcon Laboratories, Inc.	May	97
Automatic polyethylene bagger; National Equipment Corp.	September	232
Barrel and drum filler; Karl Kiefer Machine Co.	September	78
A borrowed 'new look' container and packaging technique for tomato-juice cocktail; Arnold Bakers, Inc.	January	116
Continuous-motion rotary filler for powdered detergents; Lever Bros. Co.	February	100
Conveyors and fillers; Stuyvesant Engineering Corp.	September	240
Filler for large drums; Arenco Alite, Ltd.	October	166
Filler for odd-shaped plastics containers; Popper & Sons, Inc.	September	78
Gravity fillers for liquids; Pfaudler Co.	August	160
Higher-speed propellant filling; Swiss firm	February	84
Inflammable-liquid filling machine; National Instrument Co.	May	56
Machine for film-bag filling; Automatic Packaging Corp.	May	58
Milestone in jar filling; Armour & Co.	September	154
New aerosol metered - valve construction simplifies filling; VCA, Inc.	December	56
New automatic filling line; B. F. Gump Co.	April	68
Operating with plastics bottles	November	161
Plastics bottle; filler considerations	November	162, 166
Pouch filler for frozen foods; Circle Design & Mfg. Corp.	August	56
Sharper fill control	November	142
Short-run counter/filler; Sandoz Pharmaceutical Co.	October	96
Tube filler, automatic carton infuser; Arenco Machine Co.	September	78
Tube filling through the closure; Wintite Products, Ltd.	May	100
Super-accurate powder filler; England	November	90
Viscous-and-foaming-liquid filler; Chase-Logeman Corp.	September	232
Films and foils; New goals ahead for	March	187
FILMS FOR PACKAGING		
Calculating printed-film yield. Philip Prince and Keith Lindsay	November	168
Film takes on new life	April	141
New film for meats and poultry; Goodyear Tire & Rubber Co.	April	68
New tri-laminate film; Gordon P. Hungerford	July	158
Practicality in films	June	120
Firestone Steel Products Co.		
Engineered shipper saves 15%	June	108
FISH		
Lower costs, less damage; polyethylene replacing cellophane for fish wrapping; Columbia Packers, Ltd.	November	151
Polyethylene fish crates in West Germany	June	78
Tear-open aluminum can for sardines needs no key; American Can Co.	July	59
Fleet Co., C. B.		
Fast line for ultralight bottles	August	104
Fleischmann Distilling Corp., The		
Payoff in a new plant	April	192
FLEXIBLE PACKAGING		
Awards for flexible packaging; National Flexible Packaging Assn.	July	107
Dehydrates in flexible packages	December	152
Packaging Institute seminar	December	126
FLORISTS' SUPPLIES		
Corrugated: a magic carpet to national distribution of florist items; Kenco	June	104

FOAM

Foam-molding equipment and procedure	June	128
Foam slashes shipping costs of liquid latex; The Dow Chemical Co.	March	124
Packaging for small parts	March	150
Foam, Plastics (see Plastics)		

FOIL

Air forming of aluminum foil. R. C. Reed and R. J. Zoeller	September	186
Aluminum-foil containers for bakery use; Revere Copper & Brass, Inc.	December	64
Aluminum foil packaging in 1963	May	185
Aluminum; price increases	August	196
Automatic foil wrapping of chocolate eggs; England	February	84
Cutting problem in steel foil	June	44
Heat-sealing PE-coated foil	January	132
Rising prices of aluminum foil	June	44
Six-compartment foil tray for foods; Anaconda Aluminum Co.	January	54
Tin-coated steel foil; United States Steel	May	55
Tinplate foil	December	208
Tinplate foil used as corrugation in boxes; Continental Can Co.	August	56
Foils and films; New goals ahead for	March	87

FOLDING BOXES AND DISPLAY CARTONS

Folding boxes set the pace among European nations	April	106
Folding-carton shipments in 1963	May	188
New device to fold collapsible boxes; Ex-Cell-O Corp.	March	58
Textured paperboard carton for liquid night cream; Elizabeth Arden	April	143
Window shows the label; openings in stock folding boxes for bottled drugs; Ciba Pharmaceutical Co.	February	103
Folding-container packaging line; Schroeder Machines Corp.	September	76

FOLDING MACHINES

High-speed folding machine; Systems Engineering Co.	October	166
Folding Paper Box Assn.		
13 folding box winners	April	174
Folger, J. A. & Co.		
Plastics lid, 'brandless look' add value to coffee can	July	102

FOOD ADDITIVES AMENDMENT TO FOOD & DRUG LAW

ASTM extraction test method to meet requirements of Food Additives Law. Charles M. Rosser	December	131
Petroleum waxes	August	182
Food & Drug Administration (see United States)		
Food consumption; grocery store sales	January	44

FOOD CONTAINERS

Throw-away plates, trays, dishes, etc. made from polystyrene-foam sheets; converter near Heidelberg	September	108
---	-----------	-----

FOOD PACKAGING

Ad is father to the package; carton design for Chinese foods; Chun King Corp.	December	118
Aerosol containers	April	142
Air-formed aluminum foil; use in food plants	September	186
Automatic egg grading and packaging; Holland	September	108
Baby food in jars; piston filler; Armour & Co.	September	154
Blow-molded containers (polyethylene and polystyrene)	November	110
Boilable bags of plastics netting designed as food containers; Nalle Plastics, Inc.	March	58
Boil-in bag frozen foods	March	141
Boil-in-bags frozen vegetables; Green Giant Co.	November	132
Botulism	January	98
Captive plastics lid on a food jar; Cantrell & Cochrane (England)	June	80
A carton for distinction (granular flour from regular flour); Burrus Mills	August	102
Cartoning of soup pouches; Thomas J. Lipton	September	166
Cartons protect chub packages for frosting and cookie mix; General Mills	May	104
Cellophane; leading film in food packaging	May	43
Compact cereal carton; General Foods	April	172
Corn-meal mix	December	109
Edible packaging films	May	43
Egg carton	June	122
Egg-carton forming equipment; Mead Corp.	April	70
Faster, safer handling for macaroni; West Germany	June	78
Flexible film; England	January	82
Flush-fill pint paper containers; Continental Can Co.	May	146
Free-piston aerosols for food; Richmond Aerosols, Ltd.	October	60
Freeze-dried berries in foil-wrapped cereal box; General Foods' Post Div.	December	39, 104
Gauging up for economy; foil labels printed by rotogravure	July	148
Gourmet foods, glass containers; England	October	78
"Handi-Wrap" sandwich bags; Dow Chemical Co.	August	91
Heat-processed foods	April	134
High-speed electrostatic two-color printing of molded pulp egg cartons; Electrostatic Printing Co. of America	May	54
How to achieve foam beauty at 67% less cost; Anderson Clayton & Co.	July	118
Key-opening metal cans	June	80
Magnetics cut can damage; Mead Johnson	September	169
Margarine pack; Holland	September	108
Measuring food migrants; Frederick W. Adams	March	133
Metal packages for foods designed for microwave cooking	June	128
Microwave process for food preservation; Cryodry Corp.	October	39

For FTC, a bigger stick	January	98
Order to put a "death" warning on cigarette packages	August	43
Proposed health warning on cigarette packages	May	43
Food and Drug Administration		
Approval of food-aerosol propellant	December	140
Delay in approving blown polyvinyl chloride bottles	August	46
Enforcement drive on "inconspicuous labeling"	December	39
For FDA, a broader role	January	97
U. S. Army		
Army studies packaging for radiation sterilized foods.	January	169
United States Army's Natick Laboratories		
Corrugated storage-shipper box shaves military expenses ..	April	198
U. S. Gauge		
Air-bubble cushioning of precision instruments	September	138
U. S. Tobacco Co.		
A packager's engineering triumph; snuff packaging	September	170
Unwind stand; Stanford Engineering Co.	September	245
Uppjohn Co.		
Non-commercial look comes to the pet-product field; veterinary nutritional tablets in ceramic clay-fired jar ...	February	99
URETHANE		
Urethane packaging for fragile items; American Urethane Co.	October	60
Use of foam-in place urethane in packaging turbine engines; Continental Aviation & Engineering Corp.	October	116
V		
VCA, INC.		
New aerosol metered-valve construction simplifies filling. .	December	56

	Month	Page
Vacuum metalizing	April	142
VACUUM FORMING		
Skin- and blister-pack vacuum former; Abbott Plastic Machine Corp.	October	58
VACUUM PACKAGING		
Luncheon-meat vacuum packager; Cryovac Div., W. R. Grace & Co.	September	232
Tear-tape-opening vacuum coffee can; General Foods Corp. .	February	98
Vacuum-formed film pouch for Armour frankfurters	November	120
Vahlsing, Inc.		
Film bags rack up savings for Maine potato processor	May	122
Vended products, Packaging for	November	264
VENDING MACHINES		
Coin machines for dentifrices, laundry and household-cleaning materials.	December	108
Combined production and wrapping of cookies for vending machines; Quality Machine Co. and Package Machinery Co.	March	54
Expansion in Germany	September	108
Marketing of packaged merchandise	January	44
Package for vending-machine sale; Austin Biscuit Corp.	January	93
Sales in 1963	August	46
Solving a vending problem; Scientific Packaging Corp.	February	96
Vending potential dictates package design; England	February	84
VETERINARY PRODUCTS		
PVC tube for oily ointment; Kendall Co.	April	150
VIALS		
Vials with straight, parallel walls; Richardson-Merrell, Inc.	November	214
Vidor, Ltd. (Scotland)		
Battery testing and wrapping	December	84
VINYL		
Improved vinyl-copolymer additive; E. I. duPont de Nemours & Co.	July	62
Nomenclature situation of vinyls	November	105
Tube sealer for vinyl films; Guild Electronics, Inc.	May	56
Visual Art Industries		
Engineered overwrapping of cartons in PVC film	November	128
Vita-Care Corp.		
New valved film pouch for powdered hair-care product.	July	132
Vitamin Council, Inc.		
Dispensing a dust cloud; packaging of aspirin and other tablets.	June	133
Von's Grocery Co.		
Cohesive design repairs a splintered company image	February	98
W		
Waldorf Paper Products Co.		
Glue-bond tester. W. O. Kroeschell	June	141
Wardley Brine & Shrimp Co.		
High-speed liquid pouching	September	141
Warehouse operations, Computer control of; Kitchens of Sara Lee	October	208
WATCHES		
Low-cost upgrading; precision watches for children; Elgin National Watch Co.	April	204
WATER COOLERS		
Second look saves money; shipping carton for water coolers; Ebco Manufacturing Co.	March	125
WATER VAPOR		
A faster WVT method; measuring transmission rates in minutes. Hubert O. Ranger and Michael J. Gluckman ...	July	153
Modified Patra method for WVT; H. J. Lelie	March	145
Water-vapor permeability; conversion of WVP figures	February	138
Wax sealing (see Sealing Equipment and Supplies)		
WAXES		
Release-coated multiwall bag for waxes, resins; Union Bag-Camp Paper Corp.	June	60
"We think about you" — Editorial memo.	September	125
WEIGHING MACHINES AND DEVICES		
Accurate weigher/counter for in-line use; Exatron, Inc. ..	June	188
Bagging scale boasts extreme accuracy in 50- and 100-lb. fills; Howe Richardson Scale Co.	October	52
Checkweigher for canned goods; Illumitronic Systems Corp. .	December	64
Checkweigher reject patterns; Illumitronic Systems Corp. .	November	58
Checkweigher sorts by categories; Arenco Machine Co.	May	58
Check-weighing devices	November	142, 143
Continuous weigher/filler; Wright Machinery Co.	September	74
Electronic weighing units; Amaco, Inc.	September	232
Low-cost, accurate checkweigher; FMC Corp.	September	70
New automatic checkweigher for tubes; Mettler Instrument Corp.	October	56
New concepts in checkweighing. Donald G. Marshall	September	181
New efficiency in dry net weighing of powdered detergents; Lever Bros. Co.	February	100
Speedy, accurate rotary weigher; Pneumatic Scale Corp. Ltd.	September	68
